3pt Sports Basketball Academy presents the "Calgary Wizards Basketball Club"

## SPRING BASKETBALL PROGRAMMING GUIDE

### 3pt Sports Basketball Academy Expands Program Options

In the summer 2001 3pt Sports introduced its first basketball development program and over the past 10 years we have developed and grown our programs . 2011 will be no different, with the addition of new programs and expansion to new sites we except 2011 will be another year of growth of basketball Calgary and Area.

Our already established and successful Development Academy in Calgary has offered us the opportunity to extend this great program to Airdrie, Spring 2011 and Cochrane, Fall 201. While continuing to offer Calgary youth an opportunity to develop, we intend to offer the same great opportunity to these New communities. Our Academy offers youth

great fundamental skills training while developing the ability and understanding of how to read and react to the fast paced game of Basketball.

3pt Sports will also be introducing the NEW Calgary Wizards Basketball Club. The Club Basketball System is a competitive league that allows youth to experience and learn what it means to compete. The Club program is a great complement to the Academy program by offering players the development opportunities to apply individual skills learned and developed in the Academy. The Club teams focus on team concepts such as team offence, team defence and transition while competing against other clubs in and around the Calgary Area.

2011 will see the return of our New Airdrie Sr. Men's League (ASMBL)

launched last year and will continue to encourage local Airdrie Adults to get active and health by playing basketball. With new sponsors and more teams we look for 2011 to take the ASMBL into the NEW YEAR with great anticipation.

We look forward to a Great 2011 and we look forward to your support!
